

10 March 2021

To whom it may concern,

I can verify that Phenax Classic, (ACVM No: A6422), does not contain any Genetically Modified Organisms (GMOs). Moreover, the vaccine is not genetically engineered and does not contain any genetically engineered (GE) components.

Kind regards,

A handwritten signature in black ink, appearing to read "Genevieve Davys". The signature is written in a cursive, flowing style.
