

# C.E.T. DENTAL RANGE

## DENTAL RANGE TO ENSURE A HEALTHY MOUTH

### DESCRIPTION

The C.E.T.® Dental range consists of enzymatic toothpastes, toothbrushes and finger brushes to ensure easy dental maintenance at home.

---

### KEY BENEFITS/PROPERTIES

- Different flavours of poultry and malt
- No foaming agents
- Well accepted by pets to help make brushing easy
- C.E.T.® toothpaste contains C.E.T.® Technology (Complex Enzymatic Thiocyanate)
- Has an antimicrobial action to help control the formation of plaque
- Enhances natural defenses of the animal

### INDICATIONS

Home dental care helps maintain a healthy mouth by limiting plaque and tartar build up. Routine home dental care should be part of every pet's oral hygiene program.

### CONTRAINDICATIONS

No known contraindications. The poultry protein should be subject to risk benefit assessment for those animals with known sensitivities.

### MODE OF ACTION

The dual enzyme system, lactoperoxidase and glucose oxidase, has a natural antibacterial and plaque-inhibiting action.

---

### DOSAGE / ADMINISTRATION

Use a soft-bristled toothbrush. Apply daily or as directed by your veterinarian.

### STORAGE

Store at room temperature. Keep out of reach of children.

### PRESENTATION

70g tube.

---
