

Easotic®

MEDICATED OINTMENT FOR EXTERNAL EAR INFECTIONS

DESCRIPTION

The first truly easy and effective therapy for ear infections (*otitis externa*) in dogs.

KEY PROPERTIES AND BENEFITS

- Single-press measured dose given once daily for five days to treat external ear canal infections in dogs.
- Anti-inflammatory effects for rapid relief.
- Broad-spectrum antimicrobials effective against fungal (yeast) and bacterial infections.
- Prescription medication.

COMPOSITION

- Hydrocortisone aceponate 1.11 mg/ml
- Miconazole nitrate 15.1 mg/ml
- Gentamicin sulphate 1505 IU/ml

WHY CHOOSE EASOTIC®?

1. Delivers excellent clinical results rapidly

Easotic® has a high concentration of active ingredients, including a safe, yet potent steroid. The special triple-active ear suspension contains Hydrocortisone Aceponate, Miconazole and Gentamicin.

2. Reliable, consistent dose

Just one press delivers an accurate 1 ml dose for all sizes of dogs.

3. Easy to use

Easy-grip, award-winning packaging design for easy application increases compliance. Can discharge product from any angle.

Hygienic, airless bottle prevents contamination during use.

4. Gentle application to the dog's ear

The soft, ergonomic nozzle with a rounded tip is gentle on the ear canal.

5. Easotic® and EpiOtic® are a great combination.

Cleaning ears 30 minutes prior to applying medication removes crusts and discharge that may protect infectious organisms from contact with the active ingredients in the medicated ointment. Studies have demonstrated that EpiOtic® in no way diminishes the potency or efficacy of Easotic®.*

HOW TO USE EASOTIC®

INDICATIONS

Triple active ear suspension for dogs with ear infections of bacterial, fungal or inflammatory origin.

RECOMMENDED FOR USE IN

Dogs prescribed Easotic® by their veterinarian, which suffer from acute or recurrent episodes of ear infections (*otitis externa*).

DIRECTIONS FOR USE

1. Shake well before use.
2. Introduce the canula into the ear canal.
3. Administer one press (1 ml) of the product in each affected ear once daily.
4. Repeat treatment once a day for 5 consecutive days.

Product must be disposed of 10 days after initial use.

PRESENTATION

10 ml bottle.

STORAGE

Store below 25°C.

ACVM NO.

A10305.
