

NEUTRADEX®

MILD URINARY ALKALISER OR BUFFER AND DIURETIC

NEUTRADEX® is a palatable muscle recovery supplement, mild diuretic and urinary buffer for horses.

ACTIVE INGREDIENTS

- Each 28ml dose contains sodium acid citrate 7.93g.

KEY BENEFITS/PROPERTIES

- Active ingredient citrate buffers acid build-up.
- Encourages horses to drink.
- Palatable caramel flavour.
- Has a gentle diuretic effect which encourages the kidneys to flush toxins from the body.

MODE OF ACTION

Sodium acid citrate encourages horses to drink, increasing the action of the kidneys in clearing toxic waste produced by hard exercise.

INDICATIONS

- Horses in hard training.
- Horses with a history of 'tying-up' (acidosis).
- Preventing muscle soreness after fast work.
- Preventing dehydration.
- Supplementary treatment in kidney, bladder and urinary tract infections.

PRECAUTIONS

Ensure an adequate supply of cool, clean water is accessible.

Users are encouraged to check with their respective racing authority prior to the use of any supplement or medication.

WITHHOLDING PERIOD

Meat: Nil.

DOSAGE / ADMINISTRATION

Add to the feed daily or give over the tongue.

Use immediately after hard work and after warm down exercise is completed, for one to two days.

STORAGE

Store below 30°C.

PRESENTATION

1L bottle, 5L and 10L packs.
